

BIMOS Neon industrial workchair

---

**Workstation Chair BIMOS Neon**  
(Part. No.: 95\*\*)

The workplace and design quality of production areas is becoming more and more similar to office spaces. For quite some time now, the visual appearance of machines in production halls has become a prominent factor. In as far as workplace chairs are concerned, Neon is the first instance of a chair meeting the design demands of today's world of working. As leader in innovation, bimos has managed to combine the technology and ergonomic requirements of production workplaces with an appealing and contemporary design. Neon takes innovative bimos design to the production environment.

**Design and materials:**

Neon features a sturdy, five-legged base frame with flat lines made from aluminium. All Neon models are supplied with a black base frame. The chair can be supplied with special castors featuring load-sensitive brakes for hard floors (Neon 2) or with wearproof glides (Neon 1 and Neon 3) as an option. Neon's replaceable upholstery elements provide maximum flexibility. It was precisely with this high standard of economics and functionality in mind that Neon was developed in conjunction with the Fraunhofer Institute (IAO).

Various finish and colour options are available for the high-comfort replaceable upholstery for the seat and backrest.

- 5 star base made from steel hardened plastic
- Safety gas lift
- High-comfort upholstery made from fabric, artificial leather, integrated foam or Superfabrick
- Change of seat and back rest covers possible
- Anatomically designed backrest
- The ergonomic design of the seat increases performance
- Seat height adjustment
- Seat inclination adjustment
- Seat depth adjustment
- Backrest height adjustment
- Aluminium base black

**Technical data:**

Star base diameter 700 mm

Seat height adjustment 450 - 620 mm (or 590-870 mm - Neon 3)

Seat height: 450 - 620 mm

Seat dim.: 470x470x470 mm

Seat depth: 420 - 480 mm

Backrest height: 570 mm

5 year long-term warranty. The 5 year warranty covers the fabric, the glides and castors.

BIMOS Neon industrial workchair

**Variations:**

	<b>Neon 1</b> with glides	<b>Neon 2</b> with castors	<b>Neon 3 (590-870mm)</b> with glides and step
Contact backrest	<b>9560</b>	<b>9563</b>	<b>9561</b>
synchronous mechanism	<b>9570</b>	<b>9573</b>	<b>9571</b>

**Accessories:**

**Neon replaceable upholstery**

Depending on where they are going to be used, all Neon workplace chairs can be fitted with fabric, magic synthetic leather, soft integral foam or the newly developed Superfabrick upholstery. The upholstery is attached using a simple click-on system. This innovative, yet straightforward principle means that you can adapt the chair to the individual workplace scenario. All Neon replaceable upholstery provides a luxurious level of comfort.

- Quick and easy to attach thanks to the click-on system
- Can be changed at any time
- Improves the workplace's unique appeal and its flexibility
- Highly economical, as upholstery can simply be swapped

*Neon fabric upholstery*

Soft, breathable upholstery consisting of hard-wearing cover fabric.

Available colors: black, blue, grey

*Neon magic synthetic leather upholstery*

Washable, low-maintenance, impervious to oil and disinfecting agents, soft and comfortable

Available colors: black, blue, grey

*Neon integral foam upholstery*

Extremely tough and durable, washable, capable of withstanding mechanical damage, resistant to flying sparks, impervious to mild acids and alkalines
