

BIMOS Solitec

Workstation Chair BIMOS Solitec
(Part. No.: 92*)

Solitec feels right at home whatever the nature of the work. That's because it combines innovative ergonomics with sturdiness and is suitable for use anywhere within your production facilities. Special finishes and covers are available for Solitec to suit any working area. The integrated seat tilt function ensures a high standard of ergonomics even when the user has to lean forwards.

Design and materials

Solitec features a sturdy, five-legged base frame with flat lines made from sectional steel tubing. All the metal components are epoxy-resin coated. All Solitec models are supplied with an anthracite frame. The 5 star base can be supplied with special castors featuring load-sensitive brakes for hard floors (Solitec 2) or with abrasion-resistant glides (Solitec 1 and Solitec 3) as an option.

- 5 star base made of stainless steel
- Safety gas lift
- High-comfort upholstery
- Asynchronous mechanism with Seat tilt adjustment
- Anatomically designed backrest
- The ergonomic design of the seat increases performance
- extremely sturdy and highly durable

Technical data:

Star base diameter 68 cm

Seat height adjustment 440-590 mm (600-875 mm Solitec 3)
