

BIMOS Unitec

Workstation Chair BIMOS Unitec

(Part. No.: 96**)

Unitec is our low-cost entry model for healthy sitting in a production context. The contact backrest, which is supplied as standard, provides support when working sitting down. The generously proportioned seat and backrest provide additional support. There is a choice of various coverings to ensure that Unitec will fit in visually with practically any working environment. Consequently, Unitec is a good solid chair for almost any application.

Design and materials:

Unitec features a sturdy, five-legged base frame with flat lines made from plastic. All Unitec models are supplied with a black base frame. The chair can be supplied with special castors featuring load-sensitive brakes for hard floors (Unitec 2) or with wearproof glides (Unitec 1 and Unitec 3) as an option. The Unitec seat and backrest are very generously proportioned in the case of the fabric and synthetic leather versions.

- 5 star base made from steel hardened plastic
- Safety gas lift
- Laminated beech or high-comfort upholstery made from fabric, artificial leather or integrated foam

Technical data:

Star base diameter 68 cm

Seat height adjustment 440 - 590 mm (or 580-850 mm – Unitec 3)

Backrest height 450

5 year long-term warranty. The 5 year warranty covers the fabric, the glides and castors.
