

Technical data sheet 5C30

Specification Cantilever frame, armrests, stackable

Dimensions in mm	Backrest:	H:	470
		Seat:	H: 420
		W:	480
		D:	470
	Total:	H:	900
W (ArmR):		605	
D:		600	
Packaging data	Weight:	kg	10
	Volume:	m³	0,3

Basic equipment

Benefit

Backrest	Membrane covered.	Seating comfort through ergonomically designed backrest.
Upholstery	Seat upholstery: 50 mm Backrest. Seat cover fabric fastened with drawstring, backrest by sack method and zipper, upholstered without glue. Breathable moulded foam, CFC and CHC-free (pure foam).	Optimum microclimate through unglued upholstery, breathable. Good seating comfort.
Frame	Cantilever model, tubular steel frame, powder-coated black. Stackable.	High stability, long service life. Coating against scratches, etc..
Seat support	Plastic	Sturdy mounting base for the frame.
Plastic parts	Dye penetration, thus "colourfast" even with deep scratches and scars.	Very hard wearing.
Armrests	Black plastic.	Armrests take the strain off the neck muscles.
Materials	All materials are pure and recyclable.	Environmentally friendly. Spares resources.
Standards	DIN 68878 four legged and cantilever models. GS-Symbol for tested safety, pollutant tested, ergonomically tested. Bifma tested.	High safety and comfort.
Certification	Quality management system DIN EN ISO 9001 VO (EG) No. 1221/2009 (EMAS), Environmental management system DIN EN ISO 14001:2005. Quality Office, Golden M, Blue Angel.	High-quality product.
Warranty and return	5 year long-term and 3 year full warranty Full return and recycling warranty.	High safety and long service life by minimising costs.
