### Basic equipment

### Benefit

|                      |   |   |
|----------------------|---|---|
| Backrest/ Seat shell | High. Shell completely upholstered.   | Great seating comfort due to the ergonomically designed backrest.                               |
| Upholstery           | Upholstery design 1. Seat, back upholstered, with independently upholstered side panels. Mould foam, CFC and CHC free (segregated). Seat: 45mm foam + 10mm quilted cotton wool. Upholstery without adhesives. | Good seating comfort and great posture support. Ideal microclimate due to non-glued upholstery. |
| Base                 | 4-star aluminium base, casting in black   | High durability level, longevity. Great design. Good stability and tilting safety.              |
| Gas column           | Gas column with suspension and cover.   | The suspension absorbs seat shock which reduces the impact on the spine while sitting.          |
| Seat shell           | Dynamic seat shell. Forward and backwards movement of the entire top part.  | Comfortable sitting enhances comfort and movement.  |
| Glides               | Hard glides for soft floors, black  | Stable  |
| Materials            | All materials are segregated and recyclable   | Environmentally friendly, help to protect resources.  |
| Norms                | DIN EN 16139 seating furniture for project areas, GS-symbol for being tested on safety, Tested for Contaminants   | High level of safety and comfort.   |
| Certifications       | Quality Management System DIN EN ISO 9001 acc. to VO (EG) no. 1221/ 2009 EMAS Environmental Management System DIN EN ISO 14001:2005, Quality Office, Blue Angel, Golden M.                                    | High-quality product.   |
| Warranty and Return  | 3 years full warranty and 5 years long-term warranty. Complete return and recycling guarantee.  | Exchange of parts, free of charge within the guaranteed period.                                 |
