Visitor's chair

XXXL

XXXL-chairs: because everybody's the same, but not the same weight.

O665

Chairs in the XXXL-series are functional and ergonomically sensible solutions for people weighing up to 200 kg. Despite the higher demands they still offer maximum seating comfort. And: they always cut a good figure.

Think big: all relevant components of XXXL-chairs are designed for the tougher loads a higher body weight physically entails. Premature fatigue in both the person and chair is thus effectively prevented.

O665

The XXXL-series offers weighty personalities an office chair that fits. A swivel chair, a swivel executive chair with headrest and a visitor's chair – each with armrests – are available. All have a hard-wearing fabric upholstery or black nappa cowhide leather.

Safety, comfort and ergonomics –  
for people with a fuller figure too.

O652

O450

It feels as good as it looks. The high-quality surface reflects the great care taken in the choice of materials and workmanship. And it is even more comfortable than it looks: you feel comfortable the minute you sit down. And remain so the whole day thanks to the balanced overall ergonomics and effective relief for your back. In short: The joy of XXXL sitting.

Height, width and depth-adjustable armrests covered in black leather.

Synchron mechanism: the ideal ergonomic angle between the seat and backrest in every position. Plus: weight regulation to adjust the return force of the backrest to your individual weight and seating habits. Easily and precisely whilst seated.

Height-adjustable headrest. Contributes greatly to a relaxed posture and the relief of neck and shoulder muscles.

Adjustable lumbar support: with Air-Pressure technology, infinitely variable and exact adjustment to the individual physique.

All chairs in the XXXL range have a five year warranty despite the higher loads.

Environmentally friendly production and ecologically perfect products are a trademark of Interstuhl and also took top priority when developing XXXL. The Environmental Management System at Interstuhl meets the requirements of DIN EN ISO 14001; our Total Quality Management has been certified in accordance with DIN EN ISO 9001 since 1993.

All XXXL models come with an Interstuhl long-term warranty of five and a full warranty of three years.

O652  
Backrest height 56 cm

- ▶ Black steel base
- ▶ Synchronous mechanism
- ▶ Weight regulation
- ▶ Mechanical sprung column
- ▶ Adjustable lumbar support with Air-Pressure technology
- ▶ Height, width and depth adjustable armrests with soft leather cover, black

O665  
Backrest height 78 cm

- ▶ Black steel base
- ▶ Synchronous mechanism
- ▶ Weight regulation
- ▶ Mechanical sprung column
- ▶ Adjustable lumbar support with Air-Pressure technology
- ▶ Height, width and depth adjustable armrests with soft leather cover, black
- ▶ Adjustable headrest

O450  
Visitor's chair

- ▶ Four-legged tubular steel frame, black
- ▶ Ergonomically shaped armrests with soft leather cover, black

Designed for higher loads through:

- ▶ High backrest with backrest upholstery increased to 40 mm, 16 mm thick backrest core wood
- ▶ Large seat, seat upholstery increased to 80 mm, seat core wood 16 mm thick
- ▶ Anti-Shock mechanism: the backrest is prevented from springing forwards in that a slight counterpressure has to be exerted with the back before the Synchronous mechanism is actuated
- ▶ Reinforced steel base
- ▶ Aluminium diecast castors with needle bearings and liners of brass, for carpets or hard floors
